To whom it may concern:

As CEO of [echo.it](#) I had the pleasure working with Danni.

Danni is a social media marketing wizard. Very shortly after taking per position with Echo.it Danni succeeded to establish a weekly blogpost that resulted in very satisfying increase of our followers on Twitter and our contacts on linkedin.

Besides her specific marketing abilities I would like to stress Danni's ability to meet her deadlines under pressure. A very rare gift among very creative people!

I can only recommend working with Danni.
